EDUCATION

Moscow Institute of Physics and Technology

BSc in Applied Mathematics and Physics

Moscow, Russia

Sep 2020 – Present

- GPA – 4.82/5, 8.71/10

SKILLS

- **Programming:** Python, C, C++, Git
- **LaTeX**
- **Operating Systems:** Linux, Microsoft Windows
- **Maths:** Optimization, Machine Learning, Algorithms, Probability, Calculus, Linear Algebra

LANGUAGE

- **Russian:** mother tongue
- **English:** B2

EDUCATIONAL PROJECTS

- **Optimization methods for quadratic problems with large dimensionality**
Comparison of different methods of solving high-dimensional linear regression problems
- **Recovery of fMRI scans from the viewed video sequence**
Using linear models and testing hypotheses about the relationship between data
- **Intelligent Presentation Generator**
Application for generating presentations based on text files using topic modeling
